

Claim 26. (New) The adjustable back fence of claim 25 wherein each of the at least three relatively thin finger gauges are each one third the thickness of one of the relatively thick finger gauges.

Claim 27. (New) The adjustable back fence of claim 25 further comprising:
a second connecting bolt;
a pair of plates located on opposed sides of the finger gauges, the pair of plates attached to and pivoting about the first connecting bolt, the pair of plates having holes at one end to allow the second connecting bolt to pass therethrough; and
a block located between the pair of plates at one end of the finger gauges, the block having a hole extending entirely through the block, the hole in the block holding the second connecting bolt whereby the block pivots about the second connecting bolt.

REMARKS

As a result of the Amendment submitted in the above referenced matter on December 22, 2005 and in response to a Notice of Non-Compliance dated February 2, 2006, the Applicant has submitted a complete listing of all claims in the application. The Examiner is respectfully requested to re-examine the pending claims and thereafter allow the claims. Should the Examiner find it useful, the Examiner is requested to contact the undersigned at (651) 484-1032 with any questions or comments she may have.

Respectfully submitted,

Applicant
